**S2O - Subscribe to Open** is one of the transformative models that aim to move subscription journals to Open Access (OA). S2O does this by maintaining the existing customer and subscriber relationships that know and value the contents of a journal with little effort and no additional costs. These Institutions are asked to subscribe as usual, and as long as EDP Sciences receive the expected subscription income, then the current volume will be made available to all in fully open access.

**Cancellation Policy:**  
 For S2O journals, cancellation is not possible after the decision has been announced regarding publication of the year's content in open access (regardless of order date). Before the announcement, cancellation is only possible within 6 weeks of receipt of an order.  
 For hybrids journals, cancellation is only possible within 6 weeks of receipt of an order.
